## PHILOSOPHY OF THE DANCE CORNER

At The Dance Corner, we are more than ballet. We strive to foster personal, technical, and artistic growth for our students, at all ages, at all levels, and in all styles. We are committed to providing quality technique instruction in a developmentally appropriate way, that reflects the standards and trends of the dance industry. Whether a student has a goal of pursuing a career in dance or is simply exploring new avenues of self expression and interest, our classes challenge and engage our dancers, both physically and artistically.

At The Dance Corner, we are more than dance. We view dance as an invaluable opportunity for growth in social skills, confidence, self image, and persistence. Our dancers value the lessons learned in reliance on teammates, acceptance of feedback from teachers, and the confidence gained from taking positive risks through performance.
